

Dr Power XD36 Field and Brush Mower (Commercial)

The XD36 is a commercial duty mower built for the demands of everyday use. Two independent hydrostatic wheel drives and front caster wheels make it easier to handle for long hours of mowing. The 36" wide mowing deck clears acres of overgrown grass quickly and the commercial-grade Kawasaki engine includes a 3-year commercial warranty.

Product Description

XD Commercial Series: 36" Cut & Kawasaki Engine

DR®'s XD Series Field & Brush Mowers are built to meet the demands of commercial users: frequent use, long runtimes, daily transport, and ease of maintenance.

The XD36 cuts an impressive 36" wide and features a proven Kawasaki FS651V engine that provides the power you need to mow all day long. Independent hydrostatic wheel drives and front castors ensure ease of handling without fatigue, built in hand guards protect the operator while mowing down tough brush, and trailering is fast and easy with integrated tie-down hooks.

Product Summary

- 22 HP Kawasaki FS651V Engine, Electric Start
- Hydrostatic Drive: 2 independent wheel drives for fingertip control
- Variable speed drive, forward and reverse with zero-turn radius ability
- 36" cutting deck

- 11" foldable front caster wheels
- See Features and Specs Tabs for more product details

Warranty Coverage

- Machine: 2 years residential; 2 years commercial

- Engine: 3 years residential; 3 years commercial

Features

Commercial Kawasaki Engine 22 HP 726cc FS651V engine, comes with 3-year Commercial-use engine warranty.

Independent Hydrostatic Wheel Drive Provides zero-degree turning radius & effortless maneuverability. Variable speed forward & reverse

Independent Wheel Drive Levers Solid cast aluminum design. Dual drive levers let you put power to each wheel with the touch of your fingers

36" Brush Deck Fully welded, 12-gauge brush deck with reinforcing stability bar for added strength. Pivots +/-5° to follow contours of ground. Our optional Heavy duty brush blade is a great addition for extra tough, woody material and can be sharpened on both sides for 2X the blade life.

Side Discharge Efficiently clears out mowed material preventing excess accumulation under the extra wide mowing deck.

On-Board Control Panel All primary controls located in one location. Integrated maintenance meter for tracking service intervals.

11" Front Casters Never flat folding caster wheels hold the weight of the 36" deck for long mowing sessions and can be flipped back to tackle brush and tougher vegetation.

Assembled in the USA Assembled in the USA using foreign and domestic parts. Ships direct from our Wisconsin factory.
