Product Description

Generac iQ5200 Dual Fuel Portable Inverter Generator 50ST - 8947

Bring the power wherever you go – from tailgate parties to camping trips, jobsites and beyond. This durable unit features an easy-to-use push button electric start for reliable, hassle-free ignitions with auto-choke (battery included), made for easy portability with an integrated handle and never flat wheels. Want the option to reduce noise and fuel consumption – or to maximize power response? Economy Mode allows you to choose. Plus, the intelligent LED display allows you to easily and accurately see power output and fuel consumption (gas), while onboard COsense® technology provides protection against hazardous carbon monoxide. And because inverter generators utilize a different type of alternator to generate AC power, the result is a portable generator with reduced weight and size with ultra-clean power, capable of safely powering sensitive electronics and tools.

- Dual Fuel - Runs on Gasoline or Liquid Propane Fuel for your convenience
- 9-Hour Run Time when running on gasoline and 11-Hour Runtime on 20lb LP tank when 50% of power is being used
- Easy-to-Use Electric Start - Push button start provides reliable and hassle-free start ups with auto-choke (Battery included). See PDF link below for additional guidance on connecting battery cables to enable this feature.
- Reliable OHV Engine - 223cc with splash lubrication provides a long engine life
- Quiet Operation - Fully enclosed case reduces noise levels
- Intelligent LED Display - Clearly and accurately see your power output and fuel consumption
- Ideal For Work or Play - Durable enclosure, clean inverter power and easy portability make this the ideal generator for jobsites or recreational activities
- Electronic Safe - Provides clean, stable power ideal for sensitive electronics, tools, appliances, and equipment
- LP connector hose Included - 4ft LP tank connection
- Economy Switch - Reduces noise and fuel consumption when ON, increased starting watts when OFF
- Covered Outlets provide added protection from the environment and rugged working conditions
- USB Ports - Charge mobile devices including smartphones and tablets

- COsense® Technology - STOPS, ALERTS, SAVES. Powerful protection against hazardous carbon monoxide
 - Parallel Ready - Connect two iQ5200 DF inverter generators for twice the power (Parallel Kit #7668 sold separately)
-
