Product Description

Generac GP8000E 50ST Portable Generator - 8929

Always be ready to take your power anywhere. From recreational use to emergency outages, this electric start portable generator (battery included) makes it easy to use with plug-in jack to keep the battery charged and ready for unexpected outages. Rough or rugged environments won't be an issue thanks to a hardened 1.25-in. steel-tube cradle for increased strength, fold down handle, covered outlets and heavy-duty, never-go-flat wheels. This long-lasting OHV engine with EFI technology and large-capacity steel fuel tank with fuel gauge provides increased durability, with up to a 12-hour runtime at 50% load. Onboard COsense® technology offers hazardous carbon monoxide protection, and the low-oil feature automatically shuts down the generator to prevent unit damage. All in all, with regular, hourly maintenance meter alerts, you'll never be caught off guard.

Features:

- 12-Hour Runtime when running on gasoline and 50% of power is being used
- Easy-to-Use Electric Start - Rocker switch provides reliable and hassle-free startups (Battery included)
- Fuel-Efficient OHV Engine - 420cc OHV engine with EFI technology optimizes fuel efficiency and requires less maintenance
- Handle & Wheel Kit - Ergonomic handle and never-flat wheel kit included for portability
- 1 ¼" steel-tube cradle for added durability and strength
- Covered outlets provide added protection from the environment and rugged working conditions
- Low-oil level shutdown automatically safeguards the engine from damage
- COsense® Technology - STOPS, ALERTS, SAVES. Powerful protection against hazardous carbon monoxide

- HomeLink™ Manual Transfer Switch compatible designed to work with HomeLink™ manual transfer switches for safe home backup power.
