Product Description

Generac GP3600 212CC PR 49ST CO Portable Inverter Generator

The 3600-watt Generac GP3600 portable generator can be used to tackle home projects, provide power for tools, or deliver essential electricity in the case of an outage. It is an especially affordable solution with premium features. These include PowerRush™ Advanced Technology — delivering over 40% more starting capacity* —an OHV engine for longer engine life and a large-capacity steel fuel tank with an incorporated fuel gauge for durability. The hardened steel tube cradle provides added strength, while the low-oil level shutdown protects your engine from damage. Heavy-duty, never-flat wheels and a foldable handle make for easy transportation of the generator. The compact size of the GP3600 ensures it will take up minimal storage space in the garage.

Features:

- **Featuring PowerRush™ ADVANCED TECHNOLOGY** - Delivers over 40% more starting capacity allowing you to do more with less.*
 - **Featuring COsense® Technology: STOPS. ALERTS. SAVES.** Powerful protection against hazardous carbon monoxide.
